

Global Adult Tobacco Survey (GATS)

Questionnaire Review Committee

The GATS Questionnaire Review Committee (QRC) was established to provide an objective, consistent, transparent expert review of participating countries' questionnaires. The QRC aims to make sure the GATS core questions remain intact and to work with countries to ensure that any additional questions are appropriate and meet the countries' needs.

Current members of the QRC include:

- **Maansi Bansal-Travers, PhD**, Chair – Roswell Park Cancer Institute
- **Sohel Choudhury, PhD**, National Heart Foundation Hospital & Research Institute
- **Gary Giovino, PhD**, University at Buffalo, The State University of New York (SUNY)
- **Prakash Gupta, PhD**, Healis-Sekhsaria Institute for Public Health
- **Jeremy Morton, MS**, U.S. Centers for Disease Control and Prevention
- **Pramil Singh, DrPH**, Loma Linda University

CDC coordinates the QRC review process and the World Health Organization Regional Surveillance Officer (WHO RSO) may also provide input for their member countries.
